

# Download R12 Refrigerant Capacity Guide

## Find your vehicle's refrigerant or oil capacity ...

Refrigerant and oil capacity charts. ... If your vehicle was originally charged with R12 refrigerant, for example, the oil type specified, 'mineral', will not apply. Additionally, General Motors issues Bulletin # 02-01-39-004B replacing PAG 150 oil with a lower viscosity oil. Thus, TechChoice now indicates PAG 46 (P46D) oil for those vehicles.

## R

R-12 to R-134a Refrigerant Conversion Print If your vehicle still uses R-12 refrigerant, one way to save A/C system costs down the road is to investigate the possibility of having your system converted to R-134a.

## R12 Refrigerant, R

Refrigerant R12 or Freon 12 is said to be the most widely used of all the refrigerants being used for different applications. The chemical name of refrigerant R12 is dichlorodifluoromethane and its chemical formula is CCl<sub>2</sub>F<sub>2</sub>. This article describes the properties, advantages, and disadvantages of refrigerant R-12. Unfortunately it is the CFC and it has unusually high potential to cause the ...

## Refrigerant and oil capacity charts

Acura refrigerant and oil capacity charts. NOTE! Refrigerant and oil capacity guides are based on data provided by sources such as AllData and Mitchell. You should always attempt to verify the information with your vehicle manual or information provided on the underhood stick, sometimes also located on the top of the accumulator.

## Car refrigerant & oil filling quantities | BEHR HELLA

Car refrigerant & oil filling quantities Here you will find useful information and handy tips relating to refrigerant and oil filling quantities for air-conditioning systems in vehicles. Refrigerant and compressor oil are two essential substances for any air-conditioning system.

## **Replacement for R12 Refrigerant or Freon 12 (R12) Replacement**

R12 is a highly versatile refrigerant that can be used in wide range of the operating conditions without getting disintegrated. It has unusually high potential to cause the depletion of the ozone layer in the upper layers of the atmosphere that causes the greenhouse effect. The best replacement for R12 is considered to R-134a. The other two refrigerants that are considered good replacements ...
